

The screenshot displays a file sharing interface. On the left, there is a blue folder icon containing a cloud. To its right, the text reads: "File was found and ready to download!" followed by "UPDATED 14 HOURS AGO". Below this, it says "Fastest Source: [usenet.nl](#)". A smaller line of text instructs: "Click the **download button** and select one of the found **cloud sources**." Underneath, there is a blue "Download" button with a download icon, and a "SECURE SCANNED" badge. To the left of the button, a rating of "6.4" is shown with five stars and "2865 VIEWS" below it. A horizontal line separates this section from a message: "You need to [log in](#) before you can post comments." At the bottom, there are three navigation icons: "Navigation" (a blue icon with three horizontal bars), "Registration" (a blue icon of a folder with two people), and "FAQ" (a blue lifebuoy icon).
